

We are the fish in front of the waterfall. We are the insects inside the cage.

We are the ruins of the billows,
The skull on the crosier,
The force of the torrent and the whale that drinks it.

We are the five-horned bull.

We are the fire-breathing monster.

And the screaming children.

Oh, we are poisoned by the moonlight.

side A

The world changes.

It turns. Each time it touches the sun and the moon...

...it takes a new shape.

The one thing that does not change...

....s my powerlessness.

if fate is a millstone...

...then we are the grist.

There is nothing we can do.

So I wish for strength.

...then give me a strong blade...

...and enough scrength...

SHATTER FATE

the rotator

It's turning.

If fate is a millstone...

...we are the ones that make it turn.

We believe that the crushing wheel...

...is guided by an infallible power.

WE ASKED THAT
EACH OF YOU
SUBMIT A
DESIGN THAT
WOULD APPEAL
TO ALL OF US.
